Motion: 34-05-23

- establish a program to implement the health and safety policy in their area.
- ensure that proactive training is provided to all employees in all aspects of health and safety.

D. The employees of the College must:

- adhere to the principles of this policy.
- take responsibility for personal health and safety insofar as they are able.
- comply with the OSHA and regulations.
- use and wear approved protective equipment or clothing.
- report missing or defective equipment, workplace hazards or known violations of the OSHA or regulations to their Supervisor, Director or Manager.
- not operate equipment or work in a way that may endanger themselves or anyone else.

E. Responsibility of Others on Site at Northern College

i. Students of the College must:

- work in compliance with this policy and legislation, which includes maintaining their awareness of the College health and safety environment.
- cooperate with College staff in such a way as to identify potential hazards.
- not engage in any activity which could be hazardous to employees of the College, to themselves, or to anyone else.
- report potential hazards to Student Services.

ii. Visitors, Parents, and the General Public must:

- take responsibility for personal health and safety, insofar as they are able, while visiting the College.
- cooperate with College staff in such a way as to identify potential hazards.
- not engage in any activity which could be hazardous to employees of the College, to themselves, or to anyone else.
- report potential hazards to the Main Reception/Security Office.

iii. All Contractors and Subcontractors must:

- become familiar with this policy and m
