To the Governors of The Northern College of Applied Arts and Technology

Opinion

We have audited the financial statements of The Northern College of Applied Arts and Technology (the Entity), which comprise:

- the statement of financial position as at March 31, 2019
- the statement of operations and changes in net assets for the year then ended
- the statement of remeasurement gains and losses for the year then ended
- · the statement of cash flows for the year then ended
- and the notes to the financial statements, including a summary of significant accounting policies

fina M

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to the events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Entity's to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- We communicate with those charged with governance regarding, among other
 matters, the planned scope and timing of the audit and significant audit findings,
 including any significant deficiencies in internal control that we identify during our
 audit.
- Obtain sufficient audit evidence regarding the financial information of the entities
 or business activities within the Group Entity to express an opinion on the
 financial statements. We are responsible for the direction, supervision and
 performance of the group audit. We remain solely responsible for our audit
 opinion.

(f) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Significant items subject to such estimates and assumptions include the carrying value of capital assets, valuation allowances for accounts receivables; and obligations related to employee future benefits. Actual results could differ from those estimates. These estimates are reviewed periodically, and, as adjustments become necessary, they are reported in earnings in the year in which they become known.

(g) Student organizations:

These financial statements do not reflect the assets, liabilities and results of operations of the various student organizations at the College.

(h) Financial instruments:

All financial instruments are initially recorded on the statement of financial position at fair value.

All investments held in equity instruments that trade in an active market are recorded at fair value. Management has elected to record investments at fair value as they are managed and evaluated on a fair value basis. Unrealized changes in fair value are recognized in the statement of remeasurement gains and losses until they are realized, when they are transferred to the statement of operations.

Transaction costs incurred on the acquisition of financial instruments measured

| | 2019 | 2018 |
|---|------------------------------------|----------------------------------|
| Vacation and leave payable | \$ 2,159,218 | \$ 2,032,633 |
| Non-pension post-employment obligations Sick leave benefits - vesting - non-vesting | \$ 317,000 94,000 902,000 | \$ 299,000 139,000 908,000 |
| | \$ 1,313,000 | \$ 1,346,000 |

JUWUh]cb'UbX"YUjY'dUmUV`Y

The accrual for vacation and leave payable represents the liability for earned but unpaid vacation entitlements and paid leaves.

9 a d'cmYY': ihifY'6YbYZ]hg'

Vesting Sick Leave:

The College has provided for vesting sick leave benefits during the year. Eligible employees, after 10 years of service, were entitled to receive 50% of their accumulated sick leave credit on termination or retirement to a maximum of 6 months' salary. The program to accumulate sick leave credits ceased for employees hired after March 31, 1991. The related benefit liability was determined by independent actuaries on behalf of the College System as a whole.

Non-Vesting Sick Leave:

The College allocates to certain employee groups a specified number of days each year for use as paid absences in the event of illness or injury. These days do not vest and are available immediately. Employees are permitted to accumulate their unused allocation each year, up to the allowable maximum provided in their employment agreements. Accumulated days may be used in future years to the extent that the employees' illness or injury exceeds the current year's allocation of days. Sick days are paid out at the salary in effect at the time of usage. The related benefit liability was determined by independent actuaries on behalf of the College System as a whole.

The following tables outline the components of the College's sick leave benefit entitlements:

| | 2019 | 2018 |
|--|--------------------------|---------------------------|
| Non-vesting sick leave: Accrued benefit obligation Unamortized actuarial gain (loss) | \$ 606,000 296,000 | \$ 918,000 (10,000) |
| Total sick leave benefit entitlement liability | \$ 902,000 | \$ 908,000 |

Notes to Financial Statements

Year ended March 31, 2019

)" 9 a d`cm a Ybh'fY`UhYX'cV`][Uh]cbg'flWcbh]b i YXŁ.

The unamortized actuarial loss is amortized over the expected average remaining service life as listed below:

Accumulated sick leave benefit plan entitlements

Academic – 10.8 years

Support – 11.4 years

Employee future benefits

11.4 years

The significant actuarial assumptions adopted in estimating the College's accrued benefit liability are as follows:

| 2019 | 2018 |
|--------------|--------------|
| 2.2% 2.0% | 2.6% 2.0% |
| | 2.2% |

Other employee future benefits:

The College maintains defined benefit and defined contribution plans providing other retirement and employee future benefits to most of its employees.

The costs of other post-employment benefits (including medical benefits, dental care, life insurance, and certain compensated absences) related to the employees' current service is charged to income annually. The cost is computed on an actuarial basis using the projected benefit method estimating the usage frequency and cost of services covered and management's best estimates of investment yields, salary escalation, and other factors. Plan assets are valued at fair value for purposes of calculating the expected return on plan assets.

The fair values of plan assets and accrued benefit obligations were determined by independent actuaries on behalf of the College System as a whole as at January 1, 2019.

-" 7Ud]hU`ZibX.

a) The equity in capital assets is calculated as follows:

| | 2019 | 2018 |
|--|---------------|---------------|
| Capital assets Amounts financed by: | \$ 47,426,467 | \$ 37,245,790 |
| Unamortized deferred capital contributions | (37,370,941) | (31,401,984) |
| | \$ 10,055,526 | \$ 5,843,806 |

b) Transfer for capital assets:

| | 2019 | 2018 |
|---|------------------------------|-------------------------------|
| Purchase of capital assets Amounts funded by deferred capital contributions | \$ 12,533,988 (7,743,267) | \$ 11,314,290 (10,538,468) |
| | \$ 4,790,721 | \$ 775,822 |

%\$" DYbg]cb'd'Ub.

Contributions made by the College during the year amounted to \$2,524,698 (2018 - \$2,347,687).

Substantially all of the employees of the College are members of the Colleges of Applied Arts and Technology ("CAAT") Pension Plan (the "Plan"), which is a multi-employer defined benefit pension plan available to all eligible employees of the participating members of the CAAT. The College makes contributions to the Plan equal to those of the employees. Contribution rates are set by the Plan's governors to ensure the long-term viability of the Plan.

Any pension surplus or deficit is a joint responsibility of the members and employers and may affect future contribution rates. The College does not recognize any share of the Plan's pension surplus or deficit as insufficient information is available to identify the College's share of the underlying pension asset and liabilities. The most recent actuarial valuation filed with pension regulators as at January 1, 2019 indicated a funding reserve of \$2.6 billion.
